DETAILED ACTION

Election/Restrictions

1. Applicant's election of Group II in the reply filed on October 31, 2006 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).
2. This application is in condition for allowance except for the presence of claims 12-24 directed to an invention non-elected without traverse. Accordingly, claims 12-24 have been cancelled.

Allowable Subject Matter

3. The following is an examiner's statement of reasons for allowance: the prior art does not teach a purification method employing the instantly recited nucleic acid capturing instrument.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
